Randolph had an almost-confession, and it is enough satisfied with the nearness not to welcome the real thing.

A voluntary hanging, two fatal railroad track accidents, an accidental wounding with a revolver—how we are trying to demote Vermont population in a day's time!

In its dire distress about getting a capable minister to China, the government might sound the "G. B. C." signal, meaning George Bruce Cortelyou. He is practiced enough in keeping his mouth shut, as anyone might wish.

The Rutland Herald expands wide-wise to the extent of a column a page, thus making a 64-column publication each day. It is pleasing to see this evidence of growth in so good a newspaper as The Herald.

It is significant that the statue of Senator Matt Quay was set in the highest niche available at the Pennsylvania state capitol, not because of the loftiness of the man's life, but rather to prevent an outraged people from tearing it down or disfiguring it.

The king of Spain is in a position to increase his vocabulary of epithets, provided his ministers allow him to get hold of newspapers, other than Spanish newspapers, which are printing the choice collection that the anti-monarchists are hurling toward the poor Alfonso.

Our news items to-day tell about a "wild" deer which was coaxed over a fence and so near that she ate an apple out of a little girl's hand. A week from to-day there will be a tremendous hue and cry after these "wild" animals in the name of sport or blood-lust.

A nice crowd of young America in Brattleboro which goes along the street in mock-bandit style, holding up people until one demurs and gets a charge of powder from a black cartridge in his face! But the ding-bats on good and hard or set the idle hands of the youngsters to work.

Mayor Burke of Burlington found it too big a task defeating a Republican candidate for governor in Vermont, and he has gone down into Massachusetts to lend a helping hand to candidate James H. Vahey in his probably futile attempt to dislodge Governor Draper. If it were a William E. Russell against Draper, it would be a different story to tell, even thus early in the campaign.

VERMONT HOTELS CATERING TO AUTOMOBILE TRADE.

A hotel keeper in an obscure town in the southern part of Vermont kept account of the business brought to him by automobiles during the season which is virtually closed. He reports that 640 automobiles, carrying 2,340 guests, came to his hotel, and that the average hotel bill was one dollar and twenty-five cents, making total receipts from automobilists about \$2,800. The hotel is not

Advice to Women

A Message from a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexions and to remove blackheads, crowd feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system, which finds its expression in sallow, muddy complexion, dark-stained eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly called catarrh.

In fact, this whole tendency is, properly speaking, catarrh. Banish this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Mme. Swift, New York, the famous beauty specialist known throughout the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for catarrh is Rexall Mucous-Tone. Here is her letter:

"I can strongly endorse the claims made for Rexall Mucous-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Mucous-Tone, they will praise as I do its strengthening and healing qualities."

Rexall Mucous-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Mucous-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the use is discontinued. It is a builder of vigorous health and a creator of good complexion. Price, 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our store—The Rexall Store, Red Cross Pharmacy, 401 N. Main St., Barre, Vt.

located on the main thoroughfare of traffic between New York and the White Mountains and does not, therefore, get the largest share of the motor-car travel. The proprietor undoubtedly keeps up his hotel in good shape, else he could not get so large patronage, three-fourths of which was classed as "strangers." If he is able to secure this volume of business, although handicapped by being off the main line of motor-car travel, there is surely a hint, as the Brattleboro Reformer states, of what hotel keepers in more favored places can do if they cater to this trade.

CROWDING THE LEGISLATURE.

The Montpelier Journal believes "that the meetings of the patriotic societies during the legislative sessions have a good influence on the members (of the legislature) and it doubts 'if the work of the session is hindered in any material way' by the meetings. Perhaps the contemporary is right, and The Times would like to believe that it is; but our experience teaches that the contrary is true. No doubt the spirit which surrounds the meetings of the patriotic societies is worth absorbing and gives a new insight for the men who are gathered from the four corners of the state into a more or less strange atmosphere; but at the same time that very thing forms a diverting influence from their duties at hand. Those who have occupied seats either in the Senate or the House testify to the fact that they have enough on their hands to attend to their legislative work, together with night committee meetings, without having other meetings bear down upon them directly or indirectly.

For instance, these patriotic societies and others are accustomed each session to ask, by special privilege, to have the use of the halls of the State House for the holding of their public meetings, and the meetings of the committees are through courtesy subordinated to the requests of the societies. Members of the assembly, too, neglect their routine duties to participate in these meetings and their minds are taken up for the time-being with extraneous considerations, to the neglect of matters at stake. There is, in short, a ceaseless mental hubbub from start to finish of the Vermont legislative assembly, with a consequent drain on the physical resources of those who are sent to Montpelier to work, rather than to indulge in affairs foreign to their duties.

There is no doubt of the good purpose of these patriotic societies in keeping alive the patriotic impulses of the people of the state; but they could do better work if they didn't compete with the legislature. The newspapers, too, could, and would, give far more space for dissemination of information concerning their meetings and lectures if they had less news matter to whip into shape in a period of six or twelve hours. But they are, as it is, loaded down, with legislative reports. We should call it a patriotic duty if the various societies and what-not would select some other dates.

MONTPELIER

Three hundred and seven hunters licenses have been issued by the city clerk as for this season, and more are expected to be issued this week.

Oscar Wheeler of Plainfield and Miss Beattie Spicer were united in marriage yesterday afternoon at the home of Rev. A. J. Hough on Hubbard street.

W. A. Atwell, the Brattleboro attorney who was severely bruised by falling into North Branch recently, returned to his home yesterday. He still is using crutches but he is gaining in strength.

Chief of Police John S. Durkee has received a letter from the Washington police warning him to be on the lookout for a man by the name of John Ward Sturgis who is wanted in Washington for forgery and larceny.

Fifteen more Italian laborers arrived yesterday to work on the Corry, Deavitt, Frost dam. This will make about 70 men employed on the job. The work is being rushed to completion as the men are working night and day shift there now.

B. W. Griffith, who won the championship in the Y. M. C. A. tennis tournament, will be presented the cup to-day. The cup is eight inches high and is of silver, with an appropriate inscription engraved upon it. This cup must be won three years in succession in order for one to become the owner of it.

Miss Nellie Bonquet of this city was united in marriage yesterday morning to Peter Thierault of Salem, Mass., by Rev. W. J. O'Sullivan in St. Augustine's church. After a reception given to the couple at the bride's home, they left for a short wedding trip. The bride has been cashier at the Gleason store in this city for the past seven years.

R. W. Simonds of St. Johnsbury, state's attorney for Caledonia county, is ill with chicken pox in this city. He felt somewhat ill last Wednesday and asked to be recommended to a doctor and when he consulted him, the doctor pronounced the disease chicken pox. He has been staying at the Boardman house and has been in charge of a trained nurse. He is getting along nicely.

Principal Bishop of Montpelier seminary has placed the amount of money raised for the institution in the hands of a committee to invest. The committee consists of the following men: Hon. P. D. Proctor, Hon. Joseph A. DeBoer, Senator W. P. Dillingham, Judge Edgerton of Northfield and C. H. Holland. The money will be invested in mortgages.

AMUSEMENT NOTES.

"Peck's Bad Boy" at the Opera House This Evening.

To mention Peck's Bad Boy to a youngster is the next thing to telling him a circus is coming to town. At the opera house this evening the old as well as the young will have the opportunity to see that frolicsome youth sporting himself and make life a burden to all who come in contact with him; he will illustrate new inventions in the practical joking line and amuse you in many ways; don't neglect this chance to see him.

Today we point to big shoe values.

Last Spring we overhauled our shoe business and determined to find the best shoe value in the country. We experimented in various practical ways. Among others we had our clerks buy and wear shoes from different makers. We consulted different shoe men—visited factories, studied the products of different firms—the result is here. We think it's the best \$4.00 shoe in the world. What you think will interest us. It's the Walk-over make. Boys' Shoes, too, \$1.25 to 2.50.

WE CLEAN, PRESS AND REPAIR CLOTHING.

CURES REMOVE DOUBT ABOUT ECZEMA CURE

Read What Your Druggist Says About Oil of Watergreen Compound.

Druggist Burt H. Wells submits the following to the readers of the Barre Daily Times:

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash, oil of watergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. E. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the \$1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

WILLIAMSTOWN

Our village crockery patrons have just been paid 34 cents per pound for butter oil test.

Wednesday evening of this week is to be "gentlemen's night" with our grange, at the Grange hall.

Mr. and Mrs. James Lamb and daughter Lena of Barre are stopping at the home of Mrs. Lamb's mother, Mrs. I. Beor.

Miss Ruth, daughter of Melvin E. Burham, recently came home from St. Johnsbury, sick with what proves to be typhoid fever.

Dr. E. B. Watson was in attendance at the recent state medical meeting at White River Junction, and reports an interesting time.

Mrs. A. N. Fellows and Miss Millie Drury recently drove to West Topham, where they were guests of Mrs. G. E. Newton, mother of Mrs. Fellows.

The Grason-Beckett Granite company is to erect monuments in our village cemetery for Mrs. J. E. Ausworth, and ex-conductor Frank W. Flint, now of Windsoor.

Miss Gladys Lane, daughter of Gilbert Lane of Washington, and our rural free delivery route No. 2, has just entered a department in our village school. She boards with Mrs. J. R. Brookway.

Charles D. Brockway, letter carrier on rural free delivery route No. 1, and granite cutter Erskine P. Rowell, went to Peacham pond last Monday for an outing of indefinite length, to be given to hunting, trapping, etc.

Mrs. Carroll Dutton has lately had as guests, her sister, Mrs. J. McCabe of Cowansville, P. Q., and Mrs. McCabe's oldest son, J. I. McCabe, with wife and baby. Mr. McCabe is the cashier of a bank in Canada.

The Congregational Ladies' society has changed the time of its chicken supper and social in the parlors of the church to Wednesday evening of this week. Everybody is cordially invited to attend both the supper and social.

"Union Depot" is to be presented at Grange hall Friday evening, Oct. 22, for the benefit of the Village Improvement society under the direction of Hazel T. Leavitt of the Beck entertainment bureau. The cast is made up of about 150 local characters and the play is full of humorous situations, bright, catchy songs, and witty speeches. Don't fail to see it.

Our health officer, Dr. Hurley, lately sent samples of water to the laboratory of hygiene in Burlington for examination, with the following results: the water running to our village school building was condemned as not suitable for use; certain spring furnishing water to some houses on Construction Hill, at the north end of our village, were also condemned; the water supplied by the Beckett and the Robinson water systems was pronounced all right.

Last Sunday evening, as Mrs. Herbert P. Martin had left her yard to go to church, she was hit by a bicycle coming from behind her, and was thrown to the ground. The rider of the wheel stopped a little distance ahead of her and asked if she was hurt. She replied that she did not know, for she was yet on the ground. Instead of going to the spot where she lay to offer her any assistance, he went on and left her to her fate. Mrs. Martin had no clue to the bicyclist other than that "his voice did not seem that of a man." We should not suppose it would.

PILE SUFFERERS!

Do You Know These Facts?

The cause of piles is internal—sluggish circulation in the lower bowel. Piles can't be thoroughly cured by outward treatment.

An internal remedy is needed to cure the cause.

Send for our booklet, "How Piles Can Be Cured by Internal Medicine," or talk with Mr. Wells, of The Red Cross Pharmacy, Barre, Vt., who sells Dr. Leonard's Hemorrhoid, at \$1 per bottle, and guarantee it to cure.

Why Do Men DRINK?

When you stop to think of the terrible results which come to men who indulge to excess in intoxicating beverages, will you ask, Why do men drink? The fact simply stated is, "A victim of the drink habit can no more resist liquor than a man with ague can stop shivering." Drunkenness is a disease and must be treated as such. The wives and mothers of those who drink intoxicants will be glad to know there is a remedy which will restore their loved ones to lives of sobriety and usefulness. Many thousands of grateful women praise Orin for its benefits. Orin has been known to effect a cure after all other means failed.

Passion A. Rockefeller, 24 West Park street, Butte Mont., fell about a case of drunkenness of 25 years' standing. Read what they say: "A gentleman well known to us, who has been a hard drinker for twenty-five years, stated he had been entirely cured by Orin. We consider this a remarkable case, as this gentleman has been treated three different times at a well known sanatorium. This and other cases that have come to our knowledge gives us confidence in your preparation, and it gives us pleasure to recommend it to those needing a reliable cure for intemperance."

Orin is prepared in two forms. No. 1, a powder, absolutely tasteless and odorless, given secretly in food or drink. Orin No. 2, in pill form, is for those who wish to cure themselves. Orin costs only \$1 a box. The guarantee is in each box. Write for free Orin booklet (mailed in plain sealed envelope) to Orin Co., 336 Orin Building, Washington, D. C. Orin is for sale in this city by Burt H. Wells, Red Cross Pharmacy.

They know Orin is a reliable and efficacious remedy for drunkenness and they will not offer you a substitute.

WEDDED 50 YEARS.

Mr. and Mrs. Charles N. Adams of Windsor The Honored Ones.

Windsor, Oct. 19.—A large number of friends of Mr. and Mrs. Charles N. Adams called upon them at their residence in Phelps Place yesterday afternoon and last evening, congratulating them upon the fiftieth anniversary of their marriage.

Mr. Adams is one of the oldest printers in the state, having learned his trade in the office of the Democratic Republican in Haverhill, N. H., and came to Windsor 47 years ago to work for L. J. McIndoe on the Vermont Journal, and has been connected with the paper ever since, most of the time as foreman.

He was born in Haverhill, N. H., December 4, 1833, a son of Capt. Samuel P. Adams, of the 24th N. H. Regt. in the Civil War, and although he is in his 76th year he still does his work with the alacrity of a young man, and it would be hard for many of them to keep up with him at the "case."

He was married October 17, 1850, to the daughter of Dr. Peter Carleton, of Oxford, Indiana, where she was born July 18, 1830, the ceremony being performed by Rev. J. D. Emerson. They had one daughter, Carrie, who died in 1888.

Mr. and Mrs. Adams have always been prominent in the social and religious affairs of the community and are held in high esteem by their many friends and neighbors.

MOB REPULSED.

Soldiers Guard Negro Who Shot Woman on Street.

Jackson, Miss., Oct. 19.—Two hundred soldiers and policemen guarded the city prison here yesterday to prevent a mob from lynching Charles Goodwine, who shot and killed Mrs. George Harris, the wife of a cotton broker, Sunday night. The negro declares the shooting was accidental, but immediately after Mrs. Harris fell on a crowded street fatally hurt, the mob seized Goodwine to lynch him. Twenty policemen took the negro from the mob before it had competent leaders. The black was hurried to the strong city prison, and every policeman in town, with two companies of state militia under the Adjutant-General, were placed to guard him.

At 2 o'clock yesterday morning after Mrs. Harris died, a mob of 400 men attempted to get the negro by strategy. The soldiers presented bayonets and the order was shouted to charge the first person crossing the dead line. The mob retreated but did not disperse.
